

2nd Zagros Symposium Time Table

1st Day Wednesday 3rd May 2023

| Time | Presenter | Affiliation | Title |
|--|--|---|--|
| 9:30 | Welcome Speech | | |
| 10:00 | Welcome Speech by President's of university (Dr. Kosar Mohamed Ali) | | |
| 10:10 | Welcome Speech by Head of Geology Department (Dr. Devan Osman Hussein) | | |
| 10:20 | Welcome Speech by Head of Mining Department (Dr. Hasel Amini Khoshalan) | | |
| 10:30 | Dr.Fadhil A.Lawa | Department of Geology, College of Science, Sulimani University | Ore deposits and raw materials of Kurdistan region: past, present and future |
| 10:50 | Dr.Behzad Mehrabi | Geochemistry Department, Earth Sciences Faculty, Kharazmi University, Tehran-Iran | Advanced Mineral Exploration |
| 11:10 | Coffee Break | | |
| 11:30 | Dr.Farhad Ahmadnezhad | Department of Earth Sciences, Faculty of Sciences, University of Kurdistan, Sanandaj, Iran | Geochemistry and genesis of REY minerals in the late Cretaceous Zagros bauxite deposits |
| 11:50 | Dr.Hasel Amini Khoshalan | Department of Mining, Faculty of Engineering, University of Kurdistan, Sanandaj, Iran | Mechanized Tunneling: Innovations and Technology |
| 12:10 | Dr.Nabaz Rashid Aziz | Department of Geology, College of Science, Sulimani University | Pegmatite's within Kurdistan Region and their Economic Potential |
| 12:30 | Dr.Hashem Shahsavani | Department of Mining, Faculty of Engineering, University of Kurdistan, Sanandaj, Iran | Aeromagnetic gradiometry with UAV, a case study in western Iran |
| 12:50 | Lunch Time | | |
| 2:30 | Dr.Sarmad Asi Ali | ¹ Department of Applied Geology, Kirkuk University, Iraq ² School of Earth, Atmospheric and life Sciences, University of Wollongong, Australia | Geodynamic evolution of Walash - Naopurdan volcanic arc rocks in the Kurdistan region of the Iraqi Zagros Suture Zone: insights on complexities of |
| 2:50 | Dr.Kamran Mostafaei | Department of Mining, Faculty of Engineering, University of Kurdistan, Sanandaj, Iran | Ore modeling using Geophysical and Drilling data, case study: Abassabad copper mine |
| 3:10 | Dr.Arsalan Ahmed Othman | 1 Iraq Geological Survey, Al-Andalus Square, Baghdad 10068, Iraq 2 Komar University of Science and Technology, | Mineral exploration using remote sensing: Facts and applications |
| 3:30 | Dr.Iraj Najmoddini | Department of Mining, Faculty of Engineering, University of Kurdistan, Sanandaj, Iran | Ore Deposits Related to Ophiolite body's in NW Zagros Thrust Zone |
| 2nd Day Thursday 4th May 2023 | | | |
| Time | Presenter | Affiliation | Title |
| 9:30 | Dr.Hossein Azizi | Department of Mining, Faculty of Engineering, University of Kurdistan, Sanandaj, Iran | Oxygen-Hafnium isotopes in igneous rocks |
| 9:50 | Dr.Ibrahim Q. Mohammed | Al Maaref University College, Al Anbar, Iraq | Dokan Glauconite Deposits as a Promising New Local Fertilizer in Sulaimani area, Kurdistan Region, Iraq |
| 10:10 | Dr.Mohammad Pirouei | Department of Petroleum Geoscience, Faculty of Science, Soran University, Erbil, Kurdistan Region, Iraq | Mineralization and Economic potential of Rayat Area, Kurdistan Region, Iraq |
| 10:30 | Dr.Irfan O. Yara | Department of Geology, College of Science, Sulimani University | Mineral occurrences of Kurdistan Region, copper as potential deposits |
| 10:50 | Dr.Behzad Mehrabi | Geochemistry Department, Earth Sciences Faculty, Kharazmi University, Tehran-Iran | Mineral Processing Infrastructure of Iran |
| 11:10 | Coffee Break | | |
| 11:30 | Dr.Yousif Mohammad | Department of Geology, College of Science, Sulimani University | Potential rare earth elements (REEs) deposit Targets in Kurdistan Region of Iraq |
| 11:50 | Mr.Jabbar M. Qaradagi | Department of Geology, College of Science, Sulimani University | S-type granite from Mawat ophiolite as potential candidate for the ceramic raw material in the Kurdistan Region of Iraq: A geochemical evaluation |
| 12:10 | Shahra Othman abdalla | Department of Geology, College of Science, Sulimani University | Mineralogy and geochemistry of the iron ore from Nawgwezany Mishao – Shalair Valley, Kurdistan Region, NE - Iraq: Insights on the Genesis |
| 12:30 | Saman Ghareeb Rashid | Quarry and Quality control manager, Ashur brick factory | Clay Deposit as a Main Natural Resource in Clay Brick Production and Future Construction in Kurdistan |
| 12:50 | Lunch Time | | |
